WELCOME TO WOODVILLE LACROSSE CLUB

History of Lacrosse:

Lacrosse was born of the North American Indian, christened by the French, and adapted and raised by the Canadians. Modern lacrosse has been embraced by athletes and enthusiasts of the United States and the British Commonwealth, including Australia, for over a century.

The sport of lacrosse is a combination of basketball, soccer and hockey. Anyone can play lacrosse - the big or the small. The game requires and rewards coordination and agility, not brawn. Quickness and speed are two highly prized qualities in lacrosse. An exhilarating sport, lacrosse is fast-paced and full of action. Long sprints up and down the field with abrupt starts and stops, precision passes and dodges are routine in men's and women's lacrosse. Lacrosse is played with a stick, the crosse, which must be mastered by the player to throw, catch and scoop the ball.

Men's and women's lacrosse were played under virtually the same rules, with no protective equipment, until the mid-1930s. At that time, men's lacrosse began evolving dramatically, while women's lacrosse continued to remain true to the game's original rules. Men's and women's lacrosse remain derivations of the same game today but are played under different rules. Women's rules limit stick contact, prohibit body contact and, therefore, require little protective equipment. Men's lacrosse rules allow some degree of stick and body contact, although violence is neither condoned nor allowed.

Field lacrosse is sometimes perceived to be a violent and dangerous game; however, injury statistics prove otherwise. While serious injuries can and do occur in lacrosse, the game has evolved with an emphasis on safety, and the rate of injury is comparatively low.

Lacrosse combines the best features of other sports into a fast, high-scoring, action-packed sport that players of all ages and abilities will enjoy.

Home of the Woodville Warriors

The Woodville Lacrosse Club is a member of the Lacrosse SA association of clubs and is located in the north western suburbs of Adelaide, South Australia.

The Club has a long and proud history, stretching back to 1899. In this time, the Warriors have been known as both the Woodville Lacrosse Club (1899-1902, 1967-) and the Port Adelaide District Lacrosse Club (1903-1966).

The Warriors field men's and women's teams at both senior and junior levels. New players, both local and from overseas, are always most welcome!

New members are always welcome to the Club, either as playing or social members. For more information, please refer to the contact details in your pack.

Starting out in Lacrosse:

Lacrosse in South Australia is governed by Lacrosse SA and consists of eleven member clubs, including Woodville. Lacrosse SA covers both women's and men's lacrosse it also supports other forms of lacrosse, such as box lacrosse and mixed non-contact indoor lacrosse.

The women's and men's lacrosse season runs from April until September, with games played on Saturdays. Games are played on a home and away basis. Both men's and women's competitions have three senior divisions (State League, Division 1 and Division 2) and four junior divisions (Under 18, Under 15, Under 13 and Under 11). Junior lacrosse from U11 to U15 is played with progressively modified rules.

Adults new to lacrosse will find that they will slot into Division 2 or even Division 1 grade with not much difficulty as the standard of play is not far beyond beginner's level. Most Division 2 players are in fact either new players, junior players coming up the ranks or older players who enjoy having a social run.

New members are always welcome to the Club, either as playing or social members. For more information, please refer to the contact details in your pack.

Chair's Welcome

I was born and raised in Canada and when I tell my relatives and friends that my daughters play lacrosse in South Australia they are always astounded that the national game of Canada has made it Down Under. When I tell them Woodville Lacrosse Club was established in 1899 they really can't believe it.

From way back then when the British troops brought the game to the new colony up until today, lacrosse has had a special place in Adelaide's sporting history, and the Warriors have been at the heart of it.

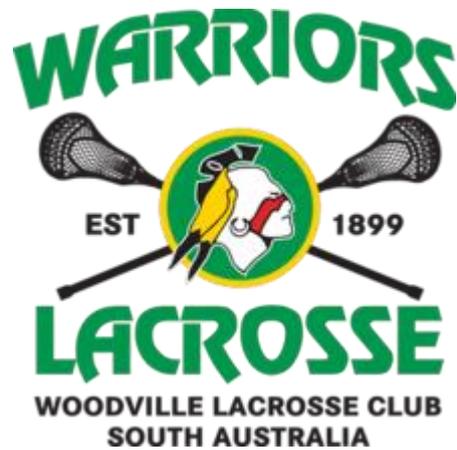

It's with this history in mind that I welcome all returning players and supporters to another season at the club. I especially welcome any new members and their families. I hope that you find the club welcoming and fun, a place where you can play your heart out on the field or cheer till you're horse on the sidelines and then get together to celebrate our good fortune.

I ask all returning members to introduce themselves to the new players and supporters, make them welcome and show them the ropes. It can be daunting starting at a new sport – especially one where a stranger is hitting you with a stick – so please help the new players out.

I hope to meet all the new players and supporters in the first few rounds of the competition. We welcome you to the club – a place we hope you'll embrace over the coming winter season.

Regards,

Jim

a) GENERAL INFORMATION

- a) **Club Opening Times:** Clubroom is open from 5.00pm on Tuesdays while juniors train – only toilets & change rooms open for senior training.

Thursdays the clubroom is open from 5.00pm until after seniors have left.

Saturdays for home games the clubrooms are open approx.. 1 hour before the first game. If no home games are scheduled the clubrooms are open from 5.00pm.

Meals: Junior meals are available from approx. 6.00pm on Thursdays – we rely on parent volunteers to help in the kitchen; a separate roster is prepared by the Junior Convenor with volunteers requested from team age groups to assist with the junior meals on a rotational basis. The roster is circulated in advance but please contact Lyndall Feleppa if you would like more information or to volunteer more frequently!

Senior meals are provided after training on Thursdays and on a Saturday evening.

During home games on a Saturday the kitchen is usually open serving hot snacks and refreshments.

The clubrooms also have a licensed bar which is staffed by RSA (Responsible Service of Alcohol) trained volunteers. The bar is open Thursday and Saturday evenings and during home games on a Saturday after the junior games.

Menu: Usually the kitchen will offer one or two selections on a Thursday evening with similar menus for both Junior and Seniors. During the season there will be an opportunity for the teams to have dinner at the club and they will get first choice to select the menu on that night. Meals offered include the standard schnitzels, burgers, and hot chips but we also mix it up a bit with 'speciality' nights and in the past these have included Tacos, Curry, Pasta, and Baked Potatoes.

- b) **Volunteers:** The Club does not employ anyone and therefore relies on the help of volunteers to keep it running. Junior parents are the main source of our volunteer network and it is often very rewarding for the parent/ caregiver to be involved in the club.

The Junior Convenor, Lyndall Feleppa, co-ordinates the roster for a variety of tasks, including the junior kitchen duties. This is circulated in advance and is usually the responsibility of a team age group at a time on a rotational basis (e.g. U13 Boys one week and U8's another).

Other responsibilities include helping to set the pitch up ahead of the games, helping organise fund raising events and scoring (to name a few!)

We are always appreciative of the people who can help on an ad-hoc or more regular basis.

If you would like to know more about what you can do to help please contact Lyndall Feleppa.

Uniforms:

Woodville Warriors primary colours are Green and Gold.

Tops and shorts / skirts are green with black under garments. Women's teams wear black socks and undergarments; Men's teams wear white socks and black undergarments.

All players will be provided with a Club top for use throughout the season and it is their responsibility to keep the top in good condition (including washing).

From U13 upwards the players must provide their own shorts/ skirts. These must be purchased through the Club and details can be obtained from either Lyndall Feleppa or Sue Hogan. U8 & U11 players can wear shorts, jogging pants or leggings in any colour.

During the Winter months when lacrosse is played, the ground can become wet and slippery, it is therefore recommended that players wear football boots or cleats to minimise

the risk of slipping during play. Currently WLC are running a new initiative for junior players to drop off their old boots that are still in good condition but too small and swap for another pair (if available). We'll see how this goes throughout the season but similar schemes have been successful at other clubs. If you need any new boots Slatters Clearance Shoe Shop on Crittendon Road, Findon have a good range and are part of the lacrosse community – mention you play for WLC and they will take good care of you.

Protective Gear: From U13 upwards both boys and girls (men & women) teams wear protective gear to some degree.

It is compulsory for ALL players to wear a mouth guard – failure to do so results in you being excluded from the game.

Boys/ Men – require helmets; arm guards, and gloves as a minimum

Girls / Women – require safety goggles as a minimum

Referees and Umpires check each player before every game for compliance to safety rules.

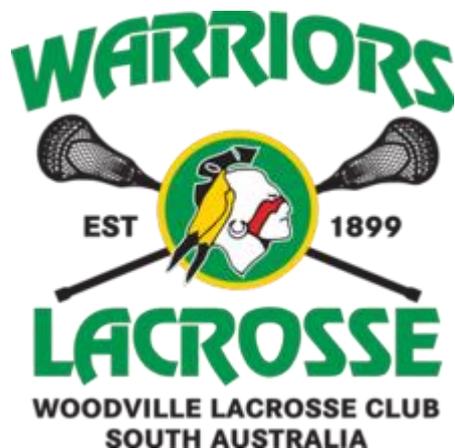

Equipment can be hired from the club throughout the season however it will be on a first come first served basis. Junior parents / caregivers are asked to sign as 'responsible person' when equipment is hired and at the end of the season hand the equipment back to the Equipment Manager – Tim Guyatt. Tim will check condition before returning equipment back to the stores. With the exception of usual 'wear and tear' any intentional or deliberate damage caused to equipment whilst in your possession will be charged for.

Hire Fees:

Helmet	\$40
Stick	\$20
Gloves	\$10
Arm Guards	\$10

First Year players receive free equipment hire (*regardless of grade*). Please note that we do not hire out girls/ women's goggles.

Any enquiries about equipment or hire of can be directed to Tim Guyatt.

The highlight of my lacrosse career has been watching my children play.

BIG SHED BREWERY CONCERN – home of the Warriors own label brew!

Here's a little bit of history of Big Shed Brewing, who we are and how we came to be.

We began brewing in Jason's shed in a rented property in the Barossa back in 2002. The shed was huge, a farmers shed with easily enough room for the brewing equipment, cars, the Scalextric track (yeah that's right), hardware, tools, everything. It also had a mechanics pit which was perfect for keeping our brews at a constant fermenting temp. It was here we began our love affair with making beer. We loved the fact we could follow our curiosity, what happens when you added berries to your brew (good things actually), what does using a different yeast do to the flavours? We made some cracking beers that folks loved, we also made some abominations never to be seen again... That's part of the journey and not something we would remove from our experience.

It was while brewing that we would talk about making this a business. We got ourselves an ABN number and a business name, but it was a while before we did anything with it beyond getting a cheaper price on materials. We actually had three business names picked (the other two escape me) and BSBC won out as it was the only one cleared for business registration. We'd had it for a while and not really done anything other than dream. The trigger for action was when we got the renewal of the business name in the post. It was then we realised all the lost time talking and dreaming rather than doing. Sure in that time we'd made some good beers, had a great time doing it and sharing our wares, but we were no closer to our goal. It was put up or shut-up time!

We rented a small warehouse in Royal Park, moved in and used our R and D setup to further design and refine our starting line-up. It has also been our business base and we have had many discussions with local brewing legend, Stephen Nelsen who helped with the design of our commercial setup.

It all arrived and we put our first beer through the system in December 2013, FrankenBROWN. Since then we have added F-Yeah, Californicator and Kol Schisel to our core range.

In September 2014 we launched our tasting bar and kitchen. Comprising of 6 taps and food that goes with our beer and you can eat with your hands. We are open Wednesday through to Sunday, slinging brews and food to eager locals and visitors alike.

Hopefully this gives you an insight to our beginnings and what we have been doing this last wee while. Contact us on twitter Instagram, Facebook, or just call.

Cheers

Craig and Jason
