

1976 Canada \$10 Coin to commemorate the Olympics
Note the lacrosse sticks on the coin. Lacrosse is the national summer sport but it is not an Olympic sport so was not played in the Olympics as the IOC controls that, but it was a demonstration sport at the 1978 Comm Games in Edmonton. Ice Hockey is the national winter sport, it was declared the national sport by their Parliament in 1867, and the first world series in 1967 was the centenary of Canada.
