1. Gentlemen I am pleased to present for your consideration and approval the 57th Annual Report of the Australian Lacrosse Council.
2. General The past year has been one of considerable activity requiring the expenditure of much effort by all Directors. In addition to three (3) formal meetings of the Board there have been several informal discussions on a wide range of matters.

I express my thanks to the A.L.C. President Phil Humphreys and the other members of the Board for their continued support of the Australian Lacrosse Council.

Communication continues to be a problem area in dealing with State Associations. Although the availability of human resources has always and is likely to continue to be limited as far as our game is concerned, I urge association administrators to endeavour to devote a little extra effort and so assist in the administration of Council affairs. This applies in replies to correspondence and the payment of accounts.

3. Statistics attached to this report show that only in South Australia were numbers relatively stable with open age registration increasing by approx 4% and no change in junior registration despite a drop of 4 teams in regular competition. On the other hand open age registrations fell by approx 4% in Victoria reversing the trend of the previous year. Under age registration fell by about 11% but remain higher than the 1986 figures.

Figures given for Western Australia indicate conflicting trends with open age registrations being unchanged despite a loss of one team. Under age figures are surprising and one must conclude that previous years figures included "sub juniors" and others engaged in competitions not requiring registration.

Overall registrations show at first glance a disturbing trend. They do not reflect for instance the many thousands of children participating in soft-crosse activities throughout Australia. This aspect has been mentioned in previous reports but efforts to have the participants included in registration figures have so far not been successful.

A particularly pleasing feature of the past year has been the formation of the Northern Territory Lacrosse Association. Although still a very small organization one must be impressed by the enthusiasm displayed by its President Jim Hopkins and his supporters. It is expected that there will be exchange(s) of visits between S.A. and N.T. teams during 1989. Reports on the Association's development will be viewed with interest.

Also of interest has been the effort of Mr. Ray Trevaskis (a Victorian residing in Queensland) in promoting lacrosse in Queensland. During October a four day tournament was run at Caboolture some 40 km's north of Brisbane at which Victorian teams and a representative Queensland team participated. Mr. Trevaskis's efforts to promote the game in Queensland are to be applauded.

4. International(a) 1988 World Under 19 Championships

This very successful inaugural event was conducted during July under an franchising arrangement with the South Australian Lacrosse Association. Participating teams were from U.S.A., Canada, England and Australia with the U.S.A. team being the ultimate winner.

A.L.C. is extremely grateful to the SALA organizers for their great efforts and the major sponsors - the Australian Bi-centennial Authority, the Australian Sports Commission and the Brine Company. Mrs. Helen Keane deserves special mention because of her efficiency in her co-ordinating role on behalf of the South Australian Lacrosse Council.

It was pleasing to note that two Australians Carl Radford (Vic), and Scott Griffin (W.A.) were named in the ALL STARS team at the conclusion of the series.

(b) Yale University As anticipated in the last Annual Report a team from this University visited Australia during the year, participating as the fourth side in the Senior championships conducted in Adelaide. It is generally agreed that Yale's participation added to the colour and success of the championships. At the conclusion of the series, the team was presented with an engraved memento by the A.L.C. President. The participation by Yale is likely to set a trend for some further championship series in the future.

(c) Eltham/Canada A junior team from the Victorian Club, Eltham toured Canada during the year. Reports suggest that the tour was highly successful.

(d) Overseas Development Associations have been informed of the activities at present taking place in Japan and Czechoslovakia. Recent reports confirm that there are in excess of 500 players participating in the game in the Tokyo area and a similar number in Czechoslovakia (Pilsen). It is most likely that Australian players will be visiting Japan in June next year as part of the preparation program for 1990. A Japanese team is expected to participate in exhibition matches in Perth also in 1990.

Associations are considering an invitation to participate in a Box Lacrosse Tournament during 1989.

Viewed overall the development of lacrosse at the International level shows encouraging signs and hopefully will lead to increasing participation in International competition in the foreseeable future.

5. National Championships and Under 15 Tournament Details of results, ALL STAR selections and Best and Fairest player details are contained in the attachments to this report. Congratulations are extended to those who achieved honours. It is worthy of note that all series (Seniors, Under 17 and Under 15) were conducted by the S.A.L.A. on behalf of Council in conjunction with the Under 19 World Series.

6. Isaachsen Trophy The winner of this trophy for 1988 was Gary Tillotson, Victoria with an outstanding 29 votes and a percentage of 53.7 per cent. Howard Rees from South Australia with 18 votes and a percentage of 42.86 was second in the placings. P. Ortale from Western Australia was in third place with 16 votes and a percentage of 35.56. Congratulations are extended to each of these players for their outstanding performances during the 1988 season.

\$3000	General Administration
\$5000	Coaching and 1990 preparation
\$10000	1988 Under 19 Championships
\$20000	1990 World Championships (part payment)
\$25000	Development (Mod-crosse, sof-crosse, referees).

- 8.2 Australian Bicentennial Authority:- \$3000 - 1988 Under 19 World Championships

9. Finance It will be noted from the attached financial statement that the financial situation continues to be satisfactory. An increase in travel levy however appears to be necessary to cater for increased travel costs.

10. COACH ACCREDITATION

Thirty six students received accreditation to NCAS level one following a course conducted at a South Australian college by Mr. Peter Kosknitsky. With this exception State Associations do not appear to have taken significant action to increase the number of level one accredited coaches during 1988. No coaches have yet been accredited to level two.

It is interesting to note that concern at the progress in NCAS development has been expressed for several years. In 1985 the recommendation was made that Associations should create coaching oriented positions in managerial procedures. Only one association appears to have taken action in this regard although another association took action to form a Coaches Association.

Action has been taken to complete level 0 coaching instructional material which should be of benefit to promotion officers in lacrosse areas.

11. Interstate Clearances
