**Message from the Premier of Western
Australia, Richard Court, MLA**

On behalf of the Government and people of Western Australia I extend a warm welcome to all competitors, officials and sponsors attending the Be Active Australian Senior and Under 17 Lacrosse Championships.

The 1996 national championships coincide with the centenary celebrations of the Western Australian Lacrosse Association and congratulations are due to all those in this State who have helped the sport reach this most significant milestone.

Lacrosse has built up a proud record of achievement in Western Australia since 1896, not only in the number of players who have achieved national and international recognition but also in the quality of those involved in the organisation of the sport.

Western Australia has established a worldwide reputation for its first class sporting venues and facilities as well as the friendship and hospitality of its people which I know will be extended to all interstate and overseas visitors attending the tournaments.

My personal good wishes for a rewarding and enjoyable lacrosse competition are accompanied by the hope that those visiting this State will wish to return on many occasions in the future.

Richard Court, MLA
PREMIER

WELCOME

**From the President of the Australian
Lacrosse Council**

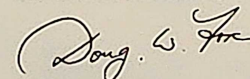

It is my very great pleasure to welcome all players, coaches, referees, officials and supporters to the 1996 National Championships. These are the pinnacle events of Australian lacrosse. No better parade of our sport can be witnessed.

It is fitting, and especially pleasing, that the championships are taking place in Perth in this year which marks the centenary of lacrosse in Western Australia. Whilst the game has changed markedly in appearance with the passing of one hundred years, the spirit remains unaltered. We salute the uncompromising athletic endeavour, the fierce but fair competition, and the friendships made of battles on the field which remain the hallmarks of our sport.

The ALC, with the support of the Australian Sports Commission, has worked hard in recent years to secure the re-establishment of lacrosse in all Australian States. In this regard, it is great to see the continuing resurgence of New South Wales and Queensland and their colours on the field in Perth this week. We welcome also our Australian Under 19 team which is in the final stages of preparations for the World Championship to be played in Tokyo. A further enhancement to our week of pinnacle lacrosse is the presence of our international visiting teams from the United States.

Special thanks are extended to our hosts, the Western Australian Lacrosse Association, to 'Healthway' and all other sponsors and to the City of Perth.

We all look forward to an exciting and memorable week, knowing that it will provide a worthy platform to close one successful century and launch the next.

Doug W. Fox
PRESIDENT

WELCOME

**From the President of the Western Australian
Lacrosse Association**

It is with great pleasure that I welcome all players, officials and supporters to the 1996 Be Active Australian Senior and Under 17 Championships and Tournaments. In particular I welcome those visiting from interstate and overseas.

Participating in any capacity in lacrosse at this level is always a marvellous experience. I trust that in our Centenary year we can provide competition and associated events which will make the 1996 Championships even more memorable than others.

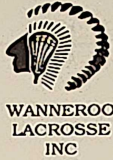

We are making special efforts to ensure that the official functions and the Fellows Dinner are top line and will cement friendships and provide many treasured memories for all who attend.

Being conducted concurrently with the Women's Senior Championship and sharing some functions adds an extra dimension to the overall lacrosse spectacle.

It is obvious that major functions of this nature require a lot of effort from many people. This year, Wanneroo and Wembley Clubs have worked together to run the Championships. The Subiaco Club, with support from the parents of the WA representatives in the Australian Under 19 team have assisted by arranging the Championship Dinner. In addition, many other groups and individuals have given unstintingly of their time. On behalf of WALA I sincerely thank them for their contributions.

I wish all teams a successful competition.

Don Rudderham
PRESIDENT

To the team members, staff and supporters of the American Lacrosse Teams:

On behalf of the United States Consulate General in Perth and the American community in Western Australia I welcome you to Perth for the Australian Lacrosse Championships and the Australian Under-17 Lacrosse Championships.

You have traveled virtually to the other side of the world from most of your homes to participate in games which had their origins on the North American continent many years ago. I am sure that the modern rules of the game provide excitement and an opportunity to display skills which, in their original form, were employed by intertribal teams numbering as many as two hundred players.

I hope you will be quick to appreciate the long standing close relationships which have developed over many years between the United States and Australia. You will find keen interest and a competitive spirit among your opponents over the duration of the Tournament. We wish the best of luck in the coming matches and are confident that you will leave Western Australia with warm feelings for the country and its people.

Nicholas A. Sherwood
Consul General of the United States of America.

Welcome from Wanneroo and Wembley Clubs

It has been a privilege for the Wanneroo and Wembley Lacrosse Clubs to host the Be Active Australian Senior and Under 17 Lacrosse Championships in the Centenary Year of lacrosse in Western Australia. We are very conscious of the rich history of our game, not only in the West but throughout Australia and in the country of the game's origin.

We inherit a proud tradition, and it is timely to acknowledge the debt we owe to the many contributors to our game over the years.

At the same time, we are delighted to welcome teams this year from New South Wales and Queensland and look to the future development of lacrosse in those States. We especially welcome the players and supporters who have travelled from the United States to be with us. To all our visitors we extend a warm welcome to what we believe will be an outstanding event.

We should all thank the members of the Organising Committee who have worked hard for many weeks to make the Championships as enjoyable as possible.

We look forward to seeing old friends and making new ones at the Championships.

Allan Griffiths
PRESIDENT

City of Kalgoorlie-Boulder

The Executive Director

Western Australian Lacrosse Association

CENTENARY OF LACROSSE IN WESTERN AUSTRALIA

Congratulations to your Association for maintaining the sport of Lacrosse in Western Australia allowing it to reach this very significant Centenary milestone.

Having been involved with the Centenary Celebrations in the City of Kalgoorlie-Boulder in 1993 I am mindful of the contributions that past and present generations have made to improve the quality of life in all areas and sports in particular.

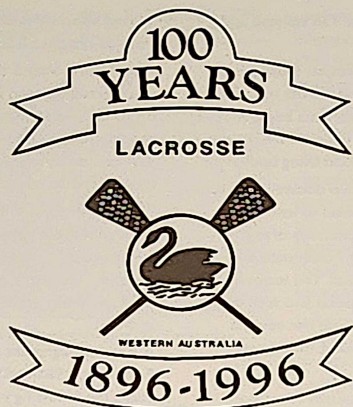

It is most interesting to note that the Goldfields played such a significant part in the introduction of lacrosse into the State. It is easy to imagine the intense rivalry that would have existed in the early years when "Coastal" and Goldfields teams clashed.

On behalf of the people of not only the City of Kalgoorlie-Boulder but indeed the entire goldfields region I offer my sincere congratulations and trust that your celebrations including the Senior and Under 17 Championships and Tournaments will be successful. Your members have a golden opportunity now to progress the sport towards another successful 100 years.

Yours sincerely

R S Yuryevich RFD, JP

MAYOR

A CENTURY OF LACROSSE IN WESTERN AUSTRALIA

The introduction of Lacrosse into Western Australia was the direct consequence of gold discoveries in the Eastern Goldfields. Two former players from the Eastern States, F Parsons and F Wingrove arrived in Perth in 1895. Their enthusiasm resulted in the formation of the Perth and Fremantle Clubs in 1896.

Two further clubs, Mercantile (centred on a merchandising warehouse) and Cottesloe (later Banks) were formed in 1897. A formal competition commenced in 1898 with Mercantile winning the first premiership in that year.

During 1899 a "Coastal" team visited the goldfields where a local devotee, Arthur O'Connor was nurturing the sport, principally in Coolgardie. From then until 1914 a regular fixture Coastal vs Goldfields

The Western Australian and Canadian teams at the Western Australian Cricket Ground 1908

was conducted. Due to a lack of prosperity on the goldfields, and a strong patriotism by young men for World War I, the goldfields competition died out. Later attempts to revive the game in Kalgoorlie in the 1930's and later in the 1980's both failed.

The game received a tremendous boost in 1907 with a visit by a team from Canada. This was possibly due to the local players wanting to emulate the great skills on display. There was much to be learned from the Canadians who had been playing for the previous 100 years. Four matches were played in Western Australia - two at Perth (WACA ground), one at Fremantle and one at Kalgoorlie with the Canadians winning all convincingly. When one city match was held all sporting fixtures, including football, were cancelled in order to give the match good attendance.

However, deficiencies in both equipment and technique were revealed... "Our capless and gloveless veterans wielding clumsy crosses lightly strung and reaching the players shin found their game of long throwing and hard running quite ineffective against the clever short passing with short loosely strung crosses and the trickery of the visitors". (1931 Historical Vol I History of WALA).

After an initial surge of interest following the Canadian visit, and despite Western Australia's participation in interstate competition in 1910 and 1912, lacrosse began to languish and by 1914 only 3 teams had survived. Between 1915 and 1920, due to the war, all lacrosse fixtures were suspended in

100 years

Of the registered players at the time 136 enlisted and 24 did not return.

Changes adopted in the local competition subsequent to the Canadian team's visit persisted for the next 50 years when further overseas developments became evident. Further, the Canadian visit exposed the absence of a national competition controlling body.

The differences in the rules of the two dominions were known but nothing was organised to iron them out. The State Associations were conscious of this weakness, so in 1910 they met for a conference with the aim of setting up a Lacrosse Union. The majority of the States failed to ratify the proposal and with the oncoming of World War I the idea was not revived till 1931 when the Australian Lacrosse Council was formed.

Mainly through the vision and enthusiasm of stalwarts like Mr C E B Hickey and Mr I J Taylor (the donor of the I J Taylor Shield which is still awarded to the WALA Division 1 premiers) lacrosse was re-established in Perth and Fremantle regions in 1921. Both of these gentlemen became and remained dominant forces in the Western Australian Lacrosse Association and the Australian Lacrosse Council for many years. In 1930 eight clubs were involved in senior competition and a Lacrosse Old Players and Referees Association was established.

In the period 1925 to 1939 a representative Western Australian team competed (unsuccessfully) in national championships.

Senior fixtures were again abandoned in 1942 by which time most of the players had answered to the call of service. A junior competition for 8-a-side teams continued and it was players from this era who made a significant contribution to the game in the post-war period.

Full competition recommenced in 1946 with 9 clubs participating in both senior and junior grades.

Western Australian teams have competed in the Australian Championships since their inception but winning at this level did not come easily. The Western Australian team won their first Championship, which it hosted, in 1947 then had to wait another 25 years to win again in 1972. At that 1947 championship six WA players were selected in the Australian All Stars team. Since annual championships commenced in 1981 Western Australia has won 10 of the 15 Australian Championships held.

By 1949 the competition had its highest ever number of registered players - 501.

One reason that the numbers stayed high during the

second World War was that teams were reduced from 12 down to 8 and could have unlimited reserves.

After World War 2 the game was upset in an unexpected quarter. Dollar restrictions were imposed on luxury and sporting goods, which caused a drastic shortage in available sticks. A cry went up from the WA Lacrosse Association to past players to donate their old sticks to juniors instead of having them lay idle in some back shed.

Even with these donations nowhere near enough sticks could be supplied so juniors turned away from the sport, leaving numbers to dwindle from 500 in 1949 to 350 by 1950 and the future of the sport was in doubt.

A large consignment of sticks was ordered from Pakistan in 1951 and with the introduction of English sticks the following year the sport was able to continue.

Australia's entry into international lacrosse was precipitated by a visit in 1959 of a combined US team from Virginia and Washington Lee Universities. Again it was evident that Australia was lagging in all aspects of the game.

An Australian team which toured the US in 1962 contained 3 players and an official from WA who were to make very significant contributions to the game and Australia's international competition - Laurie Turnbull, who negotiated for Australia's entry into international competition; Robert (Bob) Ramsay a veteran player, who became State and National Coach and Brian Griffin who was later acclaimed as one of the greatest ever exponents of the game. Subsequently, he and Jeff Kennedy were recognised in the US Sporting Hall of Fame. Brian is the only lacrosse player to be named the Western Australian Sportsman of the Year (1967) and is included in the WA Sports Hall of Fame.

In the same year (1967) Brian was one of eight players from Western Australia in an Australian team which

Western Australia vs USA 1959
From left Jack Cowling, Harold Balinski and John Pitsekas

Western Australia's Brian Griffin, Ian Toy and Rod Scott in action during the 1972 Championship

performed creditably in a four nation tournament in Toronto, Canada.

The official World Series of matches to be held on a 4-year rotational basis commenced in Melbourne in 1974. WA provided 7 players to the National team. In subsequent championships WA provided 2 players in Manchester 1978, 5 players in Baltimore 1982, 7 in Toronto 1986, 11 in Perth 1990 and 8 in Manchester 1994.

Players from Western Australia received international recognition in 1982 when Jeff Kennedy was named Most Valuable Player of the Series and Peter Cann was named in the World Team. At Toronto in 1986 Peter Cann received the Most Valuable Player award and he and Jeff Kennedy were selected in the World Team. In 1990 Murray Keen became the World Team goalkeeper, in 1992 David Whiteman was named attack in the World Under 19 Team and in 1994 Stephen Mounsey was Western Australia's World

Team defender. Western Australia has also provided referees who have toured with Australian teams and officiated at international level.

Western Australia has hosted many Australian Lacrosse Championships, at all levels over the years, as well it has hosted many teams from other countries including USA, Canada, Japan and England which have toured and played in Western Australia. Undoubtedly the highlight of lacrosse history in WA was the hosting of the World Series in Perth in 1990. Don Rudderham headed the organising team which planned and conducted a tournament which surpassed all previous events.

Financial gains from the conduct of the Lacrosse World Series in 1990 was the

catalyst for the establishment of the Western Australian Lacrosse Foundation in 1991 for the further promotion and development of the game in Western Australia.

Since World War 2 the numerical club and player strengths have been static. In 1995 competition comprised of 7 clubs participating in two senior and 3 junior divisions, the WA division of the Australian Lacrosse Referees Association and the Kuljak Club which was established in 1963 for ex-lacrosse players and supporters.

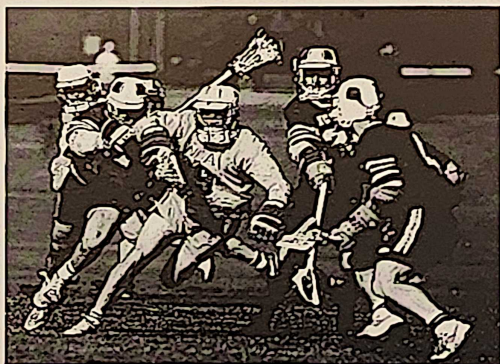

Sofcrosse and modcrosse, modified versions of lacrosse developed by the Australian Lacrosse Council and suitable for younger children and adolescents, were adopted in 1982.

Sofcrosse was included in the Aussie Sports Programme in 1984-85 and proved to be immensely popular. It was acclaimed in 1987 as the fastest growing sport in the programme and is included in school sports curriculum.

The Modcrosse programme has expanded from 3 clubs and 59 players in 1987 to 8 clubs and 360 WALA registered players in 1995. This does not include many thousands more players who compete in school and independent competitions.

The dedication and efficiency of earlier administrators, C E M Hickey, I J Taylor, R W Elliot, J L Carden, A R Page, L Turnbull, W A Whiteman, H V Horner, all of whom provided a life-time service to lacrosse, established a standard which is being maintained by leaders at club, State and national level.

Lacrosse in Western Australia enters into its second Century with confidence.

Aaron Stubbs under pressure during the 1993 Australian Championships

GET THE EDGE™

The Edge of Performance. Shoot harder. Pass quicker. Scoop, cradle and catch like a magnet. The Edge puts breakthrough technology into your hands to improve your game.

The Edge of Technology. As soon as you pick up The Edge, you'll feel the difference. Dynamic balance makes The Edge naturally return to the face up position and ready for action, so you can keep your eye on the game instead of your stick.

New design also keeps the ball in the pocket longer during your release so you get more shaft energy into your shot. Result? Increased control and more power. With its off-center pocket, The Edge is lower to the ground so you'll scoop balls and passes more easily with less bending. The less you bend, the faster you move.

The Edge of Excitement. The Edge sports the most radical lacrosse technological advancements in 30 years. Make your move and gain the winning edge by putting The Edge in your hands.

Only one company can give you The Edge.

ALC Centenary Shield and VLA Centenary Cup

The centenary of lacrosse in Western Australia is being recognised in a practical and generous way by both the Australian Lacrosse Council and the Victorian Lacrosse Association.

The Victorian Lacrosse Association has donated a Centenary Cup which is to be awarded to the winning team in the first game played between Victoria and Western Australia in each Australian Senior Championship.

The Australian Lacrosse Council has donated a Centenary Shield and the achievements which this will recognise and record are yet to be determined.

The Western Australian Lacrosse Association appreciates these donations from our lacrosse colleagues which commemorates the achievements of one hundred years of lacrosse in Western Australia.

AIRCONDITIONING FOR EVERY SPACE.

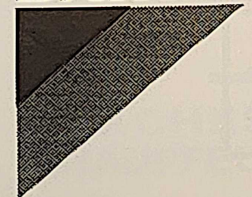

Split outdoor wall mounted blower. Modern quiet non-intrusive floor mount model available.

Split airconditioning systems consist of an indoor wall mount or floor mounted blower unit coupled to an outdoor heat pump or cooling only unit that can be installed up to 25 metres away.

5 Manufacturers
Year **W**arranty

DAIKIN

Daikin airconditioning have a wide range of models to suit every requirement, every pocket and every space. The models include single split, multi split, ducted, either heat pump or cooling only. Daikin can aircondition from a small bedroom through to fully ducted systems for large homes.

Daikin airconditioning is renowned for its quietness that is well below local health authority requirements, ideal for installation in units, retirement villages and townhouses.

Daikin airconditioning is also well known for efficiency. Australian energy authorities and a leading consumer magazine rate the Daikin units as most efficient.

Daikin airconditioning have remote control, like your TV, on all split systems and have the latest computer control, making the Daikin units extremely simple to operate and maintain. Daikin is backed by a five year manufactures' warranty.

Split outdoor unit, quiet and energy efficient.

AIR CONDITIONING AND AIR HANDLING EQUIPMENT

Rules of the Game

Lacrosse is played on a field measuring 100 metres long by 55 metres wide and is either grass or artificial turf. A unique feature of the game is that the 1.8 metre square goals are placed inside the field boundaries and play is permitted behind the goals.

Each team consists of 10 players on the field at one time with up to nine substitutes who can enter and leave the play as the game proceeds.

Each game consists of four quarters, each 25 minutes in length. Teams change end at the conclusion of each quarter. Between halves there is a 10 minute break. Each team is permitted two time-outs per half, with each time-out being 90 seconds in length.

Penalties

There are three types of fouls (or penalties) in field lacrosse.

Technical Foul: 30 seconds penalty or loss of possession for an offside, interference, touching the ball with a hand, warding off with a free arm.

Personal Foul: 1 - 3 minutes depending on severity of violation, which includes illegal check, slashing, cross-checking and unnecessary roughness.

Expulsion Foul: The player is expelled for the remainder of the game for violations such as fighting and unsportsmanlike conduct.

Note: Penalised players do not get released on a goal for personal and expulsion penalties. Players do get released on a goal for technical fouls.

Checking

Bodychecking of another player is legal as long as the opponent is in possession of the ball or is within 3 metres of a loose ball or if the ball is in flight within 3 metres of the player.

Stick checking of an opponent can occur when the opponent has possession of the ball, is within 3 metres of a loose ball or if the ball is in flight within 3 metres of the player.

Faceoffs

Play starts at the beginning of each quarter and after each goal with a faceoff at midfield unless one team has a player on penalty. Players facing off may not kick or step on an opponent's stick but may use any other type of faceoff technique to gain possession of the ball. The two players on the wing areas may advance upon hearing the whistle but all other players must stay behind the restraining lines until possession has been gained by either team and this possession has been signalled by the referee.

Ball Out of Play

When a ball goes out of play on a pass the team in possession just prior to the ball going out of bounds loses possession. Play resumes with a whistle. Offside occurs when a team has less than three men in its attack half of the field or when it has less than four men in its defensive half of the field - including the goalkeeper.

Shot Out of Bounds

If a shot is taken on goal, the team who was closest to the ball when it went out of bounds is awarded possession.

WA Lacrosse Foundation

The WA Lacrosse Foundation is pleased to be supporting the WA Lacrosse Association in this Centenary year 1996, and will continue to complement the Association and its members through a series of activities aimed at the promotion and development of lacrosse.

The Foundation was established on 1 July 1991 to promote the growth of lacrosse and manage the funds raised from Lacrosse World Series 1990.

Since its inception many activities have been proposed, assessed and supported, based upon initiatives developed by individuals, clubs and the Association.

Proposals received for Grants, Investments and Loans have totalled twenty nine (29) and of these approval and assistance has been granted on twenty one (21) occasions.

Activities which have been and continue to be supported are as follows:-

- Advance Lacrosse Seminar 1991
- Modcrosse Equipment (40 sets) 1992 & 1995
- Annual Presentation Awards 1992 - 1995
- Gain & Retain Seminar 1993
- Lacrosse Team Australia (WA Division) 1993
- Club Planning Workshops 1994
- Database Establishment 1994 - 1995
- Ground Signage Sponsorship 1994
- Directors Planning Workshop 1995
- Club Scoreboards 1995
- Modcrosse Resource Manual 1995
- Strategic Development Clubs 1996
- Parent Pack - Sofcrosse/Modcrosse 1996

These have resulted in a total funds disbursement of \$59,366 to date.

Benefits accruing to lacrosse from such activities are not always immediately apparent, however, there are positive signs that gains and progression are being achieved if we take into account some of the following:-

Development evident in Modcrosse and Junior Lacrosse in the last two years.

The progression of the Wanneroo Club to Division I in Senior Lacrosse, with teams in all grades and supporting two Modcrosse competitions.

All clubs are now operating a local Modcrosse competition - either solely or with another club.

The participation of primary schools in our Modcrosse competitions.

The Junior and Senior/Coaching Councils have been developed and continue to play an increasing role in our forward planning with clubs involvement and ownership.

The Foundation is currently involved in preparing a submission on behalf of the Association and the A.L.C. to host the 2002 World Lacrosse Championships in Perth.

Our achievements to date are just now starting to bear fruit and we have a long way to go to promote and develop lacrosse even further. We commend all those individuals, clubs and affiliates who have participated in the activities of the Foundation and invite all who have an initiative which will progress our game and our fraternity to propose further activities.
