# DRINK UP.

Smart players fuel their sporting performances with fluids. Our bodies are over 75% water. Feeling thirsty is your body's way of telling you that you're lowering that percentage ... you're dehydrating. Sufficient fluids before, during and after sports avoids dehydration and increases your body's ability to perform.

Prepare your body before sports activity by topping up with fluids an hour before you play. Maintain your fluid levels at 20 minute intervals. A few glasses of water after the game will ensure your body is ready to get back into the action again sooner.

Drink up ... SMARTPLAY.

drink plenty of fluids

## WELCOME

### WOMEN'S LACROSSE AUSTRALIA

On behalf of Women's Lacrosse Australia, it is my pleasure to welcome you to Adelaide for the 32<sup>nd</sup> W.L.A. Senior National Championships. For the next 7 days, the Glenelg Lacrosse Club will have on display some of the best women's lacrosse in the country. Let us hope that the weather is equal to the challenge.

The undertaking of a national championship is no small task and there are many people and groups behind the scenes, which deserve to be both thanked and congratulated. Special thanks must be extended to the Glenelg Lacrosse Club for hosting the event and particularly to Bob Hewitson as Championship Co-ordinator and his committee for their hard work over many weeks both prior to the event and during the coming days.

On behalf of my Board colleagues (Fiona Clark, Jan Jackson, Anne Kingston, Fran Maunton, Paul Mollison and Margaret Morley) I would like to take this opportunity to wish all players, coaches, team personnel and umpires an enjoyable Championship, played in the true spirit of sportsmanship. I hope that your participation either as a team member, official, spectator or organiser of this event will be rewarded with a sense of achievement and success.

Finally I would like to take this opportunity to wish the Senior Australian Men's team the best of success in the forthcoming World Series, being held in Perth.

Shelley Maher - President, W.L.A.

### Lacrosse South Australia

Welcome to Adelaide for the Senior Championships.

Players, Coaches, Managers and many others have put in many hours of hard work to get the teams together, for what is perhaps the highlight of the Women's Lacrosse season.

Of course we couldn't do without the Umpires. Games don't just run themselves! We need the people in striped shirts to make sure the games are fair and enjoyable. Dierdre Owen is Umpiring Co-ordinator and I am sure will have everything running like clockwork. Thanks Diddles

Let us not forget the Lacrosse Clubs and State Associations who have taught and nurtured players to get them to this stage.

A big thanks to our Championship Co-ordinator, Bob Hewitson, who has become something of an expert now after Co-ordinating the boys U17's last year and now the Senior Women. Another big thank you to the Glenelg Lacrosse Club who have a busy week ahead of them.

Helen Keane - President, Lacrosse South Australia.

### Glenelg Lacrosse Club

On behalf of your host club, Glenelg Lacrosse Club, I am very proud to welcome you to the Smartplay Women's Lacrosse Senior National Championships. The G.L.C. opens it's doors to all competitors, team management, umpires, spectators, relatives and friends and extend our hospitality to you. Wishing you all well for the coming week.

Col Cunningham - Chairman, Glenelg Lacrosse Club.

# GEAR UP.

Smart players gear up for their sport. Whether you're training or just practising with your friends, avoid injury and protect your best sporting asset ... you. Protective gear makes sense and besides, team photos look better with all player's teeth intact. You'll reach your sporting milestone a lot quicker by staying injury free. Mouthguards, shin pads, headgear, in fact all protective sports wear is far easier to remove than a black eye or bruise (and you can't select an injury in your team colours!) Ask your sports store, coach or P.E. teacher about the best protective gear available for you sport. Increase your sporting enjoyment and performance level by decreasing your injury worries.
