# DRINK UP.

Smart players fuel their sporting performances with fluids. Our bodies are over 75% water. Feeling thirsty is your body's way of telling you that you're lowering that percentage ... you're dehydrating. Sufficient fluids before, during and after sports avoids dehydration and increases your body's ability to perform.

Prepare your body before sports activity by topping up with fluids an hour before you play. Maintain your fluid levels at 20 minute intervals. A few glasses of water after the game will ensure your body is ready to get back into the action again sooner.

Drink up ... SMARTPLAY.

drink plenty of fluids

## Adelaide in 1999 The Centre Of The Lacrosse Universe

On behalf of Lacrosse South Australia, I welcome all competitors, officials and supporters to The World Under 19 Men's Lacrosse Championships and all the Australian Men's and Boys Championships and Tournaments to be played in Adelaide in July.

In 1988, SA hosted the Inaugural Under 19 Men's World Lacrosse Championships, and in 1999, with Glenelg Lacrosse Club, we have expanded the Events to encompass a truly outstanding experience which will be the biggest Lacrosse Event in the Southern Hemisphere, with 6 Under 19 World Teams, 13 Under 15 Teams, and 6 Under 17 Teams in one week and 4 Senior Men's Teams the following week. Some 750 people involved in the teams, then comes the Events Management and Volunteers.

We hope that your participation in the events will be rewarded with a sense of achievement and wish all a successful competition.

Bruce Rosewarne  
President Lacrosse SA

It is my great pleasure, on behalf of the Australian Lacrosse Council, to welcome all competitors, officials and supporters to Adelaide 99.

Lacrosse South Australia is staging one of the most significant events in Australian Lacrosse. In addition to the Australian Senior Championship and Tournament, Australian Under 17 Championship and Tournament and the Australian Under 15 Tournament, the World Under 19 Championship are being conducted in Adelaide in conjunction with these games. Our thanks are extended to Lacrosse South Australia and in particular the Adelaide 99 organising committee for their hard work and co-operation in staging the games and associated events.

It is a rare occurrence for a Lacrosse carnival of this size and quality to be conducted in Australia. I trust that you will take the opportunity to see games from each of the competitions and in watching the under age competitions provide support for our stars of the future. I encourage you to support the other events being conducted in conjunction with the games and to enjoy the sights of Adelaide during your visit.

Congratulations are extended to those participating, may the competition be of excellent standard and played with great sportsmanship.

Leighton Beamsley  
President  
Australian Lacrosse Council Ltd

Drink Up, Gear Up, Warm Up

## AUTOGRAPHS

# GEAR UP.

Smart players gear up for their sport. Whether you're training or just practising with your friends, avoid injury and protect your best sporting asset ... you. Protective gear makes sense and besides, team photos look better with all player's teeth intact. You'll reach your sporting milestone a lot quicker by staying injury free. Mouthguards, shin pads, headgear, in fact all protective sports wear is far easier to remove than a black eye or bruise (and you can't select an injury in your team colours!) Ask your sports store, coach or P.E. teacher about the best protective gear available for you sport. Increase your sporting enjoyment and performance level by decreasing your injury worries.

Gear up ... SMARTPLAY.
