Scottish Ladies' Lacrosse Association

This year will be a remarkable feat for Scottish Lacrosse; for although some of our players have previously toured North America and Australia with either Great Britain squads or the Celtic Team; this will be the first Scotland Touring Team. Following our successes last year in our historic victory over England and a most justified placing in the World Series, we then entertained the Australians on a somewhat lighter and less competitive note in Scotland. We are delighted in return to be sending a Team to tour Australia this August and I'm sure all our players will enjoy their easy going,

informal style. Training on warm, sunny beaches should provide a welcome change to damp misty moors.

It was a thrill to have the Australians here last year and I hope many of the friendships made can be renewed and our players will doubtless benefit greatly from the tour. They're in good hands – Jany Claydon with her amazing organisation qualities is Manager, and Penny Crisfield's high coaching abilities will keep them fit and fired for action.

Lacrosse in Scotland 1890-1983

Lacrosse was first played in Scotland in 1890 at St. Leonards School, St. Andrews.

Records of the first Inter-House matches played indicate that the teams consisted of 8 players and the games lasted for one hour. Photographs show the girls holding sticks with short handles and enormous nets.

By 1895 the teams had expanded to 10 players – 4 forwards, 4 backs, a centre and a goalkeeper. In 1901 the positions of the team members were listed as full forward, 2H., R.A., L.A., C., R.D., L.D., C.P., full back and goals.

In 1913 the first Scottish Trials were held to select a team to represent Scotland in a Tournament against England and Wales.

Matches against England have been regular events since the formation of the S.L.L.A. in 1920. Records of Internationals against Wales have been kept since 1931 and matches with Ireland were played from 1931 until 1970.

The importance of encouraging Junior players was recognised in the early 1970's and a Scottish Schoolgirls team was established. This team has played against the Welsh Schoolgirls annually since 1972, and more recently a fixture has been established against Junior England.

Over the years Scotland has entertained visiting teams from America and Australia. An Australian team visited Scotland during the 1971/72 season and more recently the Australian team came to Edinburgh after narrowly losing to the U.S.A. in the World Tournament Final in October 1982.

Opportunities for Scottish players to tour have been limited until now. A few players have had the opportunity to visit America or Australia as members of a Great Britain Squad. 8 Scottish players went to the U.S.A. as members of the Celtic Touring Team in 1981. It was this tour which seemed to 'spark off' the great improvement in Scottish Lacrosse which has been so apparent during the past two seasons.

Scotland's defeat of England in March 1982 was the first time that Scotland had ever beaten England. At the Brine 1982 World Tournament this success was repeated and as a result Scotland headed the Home Countries table at the completion of a week of matches.

The squad is looking forward to their tour to Australia with tremendous enthusiasm, particularly as it will be the first time that Scottish Lacrosse players have had the opportunity to represent their Country abroad.

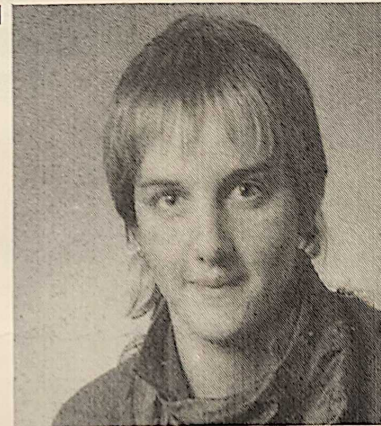

Jane Claydon
Scottish Manager

The Scottish Ladies Lacrosse Association wish to express their sincere thanks to the following:-

The Australian Women's Lacrosse Council
The Umpires of all the tour matches
The Organisers of the tour throughout Australia
The Hostesses who offer hospitality to the Scottish squad.

Worth the little extra for the extra we put in.

At Baxters we have a simple philosophy: only the best is good enough.

Right across our range of world famous soups, preserves, pickles and beetroot, we neither compromise on the ingredients nor on the preparation.

Most of our ingredients are drawn from the fertile Spey Valley, the Moray Firth and the moors and lochs of our native Highlands.

While our recipes developed over many years come exclusively from the Baxter family kitchen.

Yes, we may cost a little extra, but think of the extra we put in.
