

CONDUCTING THE
Interstate Lacrosse Carnival

PERTH
WESTERN AUSTRALIA

GRAHAM Rain COPY

President's

MR. R. W. ELLIOTT,
PRESIDENT W.A. LACROSSE ASSOCIATION.

Welcome

It is with the greatest of pleasure that I, together with my Executive Committee, local lacrosseurs, and the sporting public of Western Australia generally, bid our visitors from South Australia, Victoria, and Queensland, a most hearty welcome to our State on the occasion of our Jubilee year.

This is the second Carnival to be held in Western Australia, and the attendance of you all, who have travelled over 1,000 miles to be present, is very gratifying indeed.

It is two years ago since the second World War ended, but it would appear that the returning servicemen had no desire that the game should fade into oblivion, and came to the assistance of their Associations to again place the game in the forefront of amateur sports.

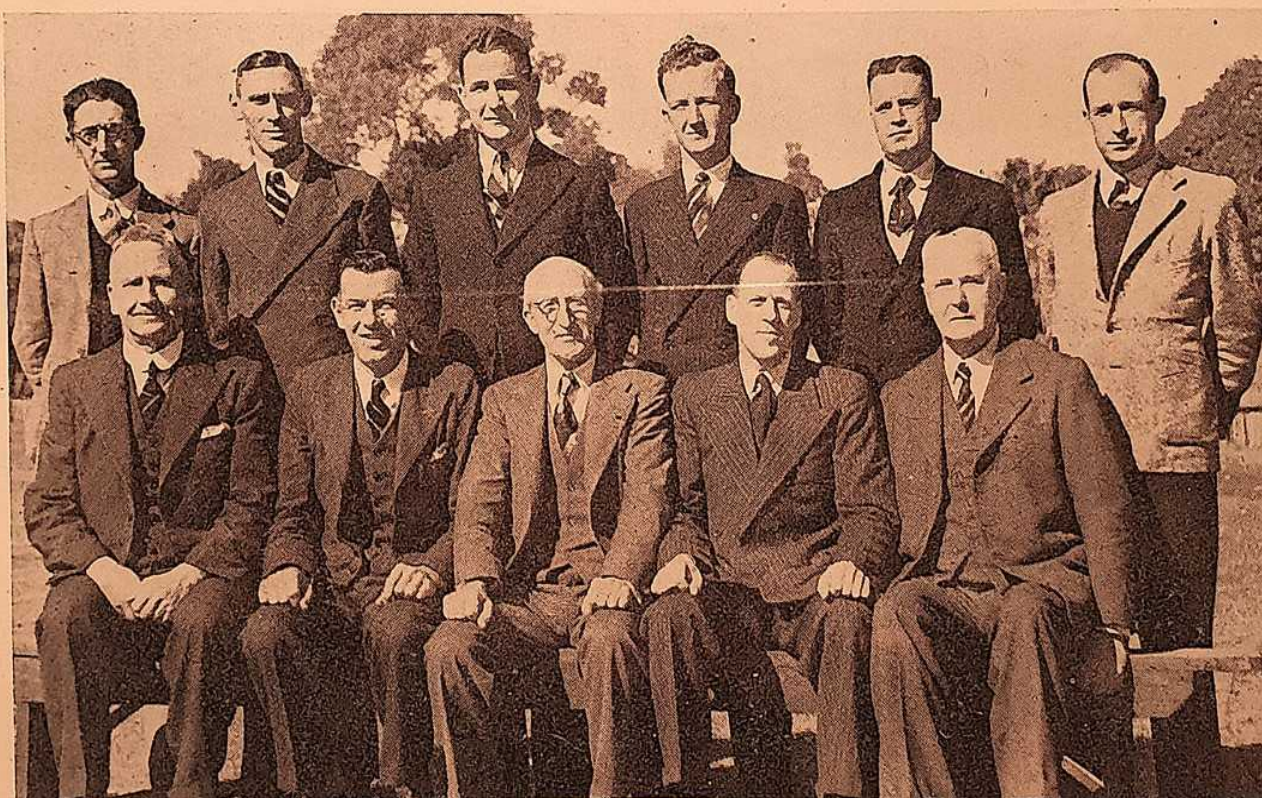

Perhaps to many of you, this is your first introduction to Inter-State Lacrosse. May it be the forerunner of many such games, and may the lessons learned during the Carnival be of the greatest value to you in the years to come when you have the good fortune to

represent your State in future Inter-State and Carnival games.

It is regretted that New South Wales was unable to send a team, but more time has been taken to get the game re-established in that State, and hopes are expressed that when the next Carnival is played, New South Wales will again be represented.

My Association is looking forward to an enjoyable and instructive week, which may assist in bringing back the game to the level of pre-war days. This should be the ambition of all competing players and if any advancement is made in this direction, the Carnival will be deemed a great success.

It is our hope that the visitors will have good games, strenuous but sporting, and that their visit to Perth will be very happy and enjoyable. May old friendships be renewed, and many new ones made, and, when the Carnival is a thing of the past and you have returned to your homes, may you have lasting memories of the 1947 Carnival in Perth, and the people of the Golden West.

History of the Game in W.A.

In 1896 at a meeting convened by the late Fred C. Parsons held in the United Service Hotel, Perth, and attended by about a dozen enthusiasts who had played the game in the Eastern States, it was decided to launch the game here. Unfortunately for our historical records the original minute book has been lost but it is known that amongst the foundation members of the two clubs, Perth and Fremantle, were W. D. Henderson (a player from S.A.), Perth, and Fred Wingrove (an ex-Melbourne University player) and L. H. Wicksteed, Fremantle. Mr. Wicksteed was chairman for many years, closely followed by Mr. Wilfred Stow, who held the office for a considerable period. The following year another two clubs, Mercantile and Cottesloe (which changed its name to Banks the following season) were formed, and pennant games commenced, Mercantile being the first premiers. A Goldfields Association was also formed by players who had flocked to Coolgardie (in the zenith of prosperity) and Kalgoorlie, and the first of a series of inter-association matches in 1899 resulted in a defeat of the Coastal team. With the decline of prosperity of the fields players left the district and the game languished and died with World War I.

The visit, in 1907, of a Canadian team resulted in a revolutionary change in the game, with introduction of smaller crosses and different tactics, but the change did not bring the increase in the number of

players expected. However, W.A. was represented at the first All States Carnival held in 1910 at Adelaide and again in Melbourne in 1912. Perth was fixed as the venue for the 1915 carnival, but the response to the call to arms in that year was so great there were virtually no senior players left and the Association went into recess.

Early in 1919 a number of old stalwarts, chief among them being the present Chairman of Committees (C. E. M. Hickey) and the then Association Secretary (I. J. Taylor) got players together and succeeded in instilling enthusiasm into members generally, with the result that although we were not strong enough to finance sending teams to the 1920 and 1923 carnivals held in Sydney and Brisbane, we have been represented at each held since. We were runner-up in 1932 and again in 1939, and are ever striving to do better.

The Association has been well served by its chief executive officers—the Hon. Secretaries. In 50 years we have had only eight, the first being the late Fred Wingrove, followed by the late Ern Harvey, Gil Clarke, Dan Aarons, Ike Taylor, Hartley Angus, Russ Page and the present Secretary, Harry Wood. To them in no small degree is due the efficient organisation controlling Lacrosse in this State, with its 10 Clubs fielding 9 Senior, 9 "B" Grade and 7 "C" Grade teams.

How to Follow the Game

As a guide to any spectators who may not be fully conversant with lacrosse in all its details, the following comments on the game and rules may be of assistance:

Usual arrangement of a team:—Twelve players in all.

Three Forwards—First Home, Second Home, Third Home.

Two Attacks—Right and Left. Centre.

Two Defences—Right and Left.

Three Backs—Third Man, Cover Point, Point (first man out from goal). Goalkeeper.

The goal is six feet square. The goal crease is a rectangle, 18 x 12.

The playing-ground between goals is 110 yards long and 100 yards wide, the ball still being in play behind each goal for 25 yards.

The centre is a circle with a diameter of 30 yards. No player—other than the centre man—is allowed to enter this area until the whistle for the "draw" has been sounded.

The game is divided into four quarters, the first two of 25 minutes each, the second two of 20 minutes each, with an interval of 10 minutes between second and third quarters.

When the Referee has called a "foul" or "out of bounds" the ball must not be touched by either party, nor must the players move from the position in which they happen to be at the moment, until the Referee has called "play." A goalkeeper can resume his place in goal providing a "foul" has not been given against him or his side.

The Referee need not suspend play when the player who has been fouled (or his side) is still in possession of the ball.

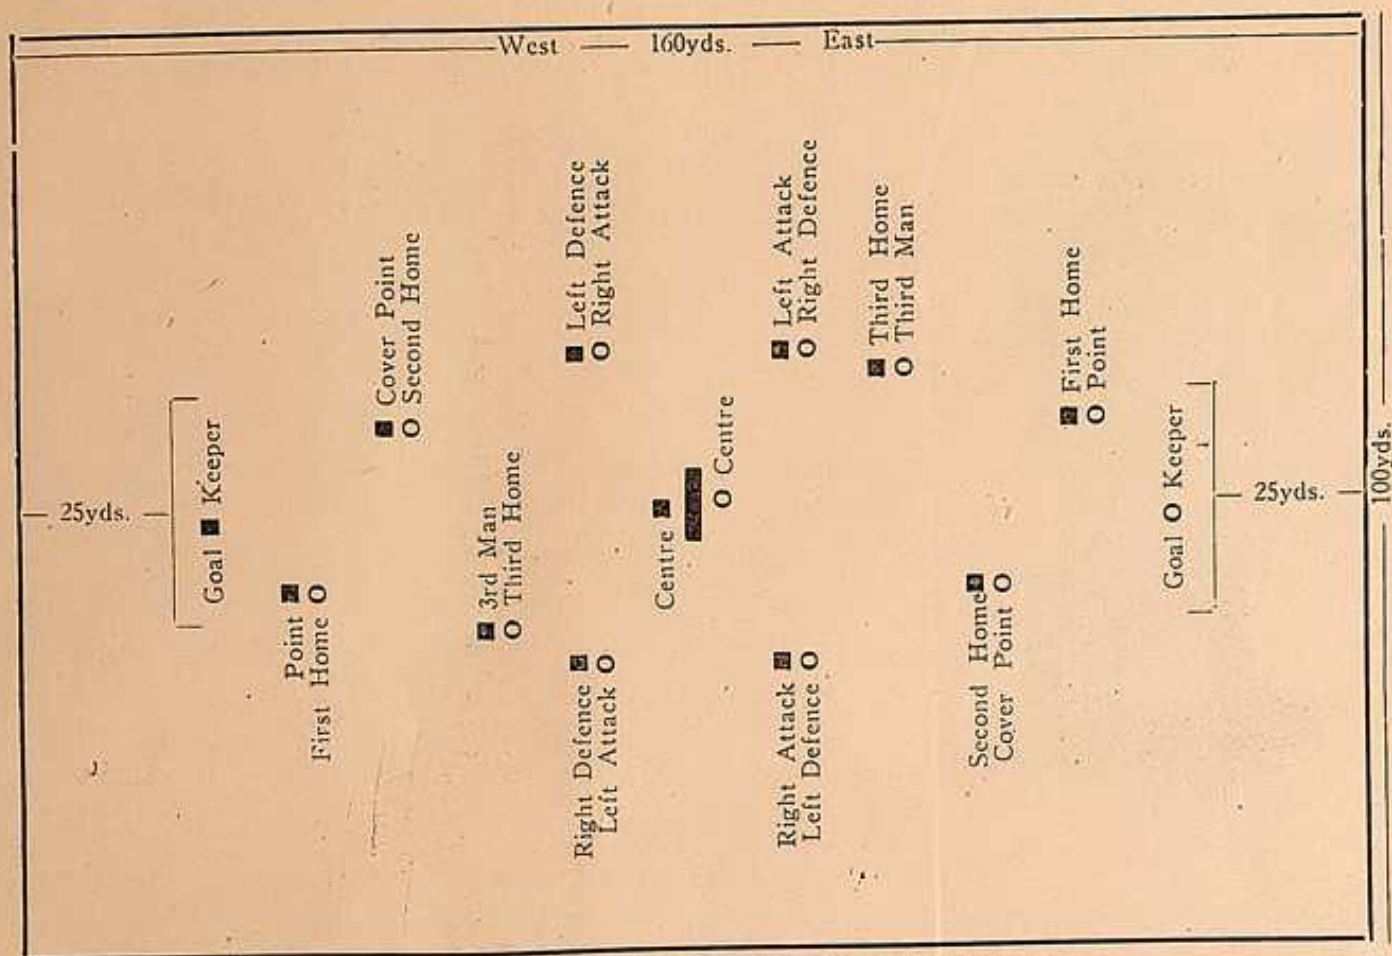

If any player drops his crosse (stick) he is out of play until he recovers it.

The ball is of solid rubber the size of a tennis ball but weighing about the same as a cricket ball.

FOULS.

Touching the ball with the hand, save by the goalkeeper, who may do so while defending the goal within the goal-crease, although not allowed to catch

How to Follow the Game

(Continued from previous page)

and throw the ball with his hand, may put away with hands or feet or block the ball in any manner with his crosse or body.

Hitting wildly with the crosse or throwing it at an opponent.

Charging into, shouldering or interfering in any way with another who is in pursuit of an opponent. This does not prevent the use of the "body-check" nor the pushing of an opponent with the shoulder in ground scuffles.

Holding an opponent's crosse, or pushing him with crosse in hand, or running in front of him or interfering in any way to keep him from the ball until the other player reaches it, or checking the crosse of an opponent who is not actually in possession of or immediately about to take possession of the ball.

Using the free arm to protect his crosse.

Holding, striking or tripping a player with the crosse.

"Cross-check," which consists of a player charging with both hands on the crosse so as to make it meet the body of his opponent.

Swinging the crosse into or across the body of an opponent in such a way as to hit or otherwise endanger the body.

"Shepherding." "Up-check" is not permitted.

No attacking player shall stand, or check the goalkeeper, within the goal crease until the ball has entered the crease.

PENALTIES.

The Referee may give a "face-off" or bounce or free position at the place where the foul occurred, yet not nearer either goal-post than 10 yards, unless the foul be made by the defending side, and/or he may disqualify the offending player or players for such time during the game as he thinks fit.

When the ball goes out of bounds the Referee shall give it to the nearest player or bounce it if two opposing player are an equal distance from it.

History of the Garland-McHarg Cup

After the visit of the Canadian Lacrosse team in 1907 the Cup was presented to the Victorian Lacrosse Association for competition between the States, the donors being Mr. Garland, a Canadian, and Mr. Andrew McHarg, of Melbourne. The Carnival matches were then originated and now take place every third year, each competing State taking its turn in organising the series. The Cup, which is valued at £100 is at present held by Victoria. The Cup has been competed for nine times; Victoria having won it six times, and South Australia three.

- Carnival Rules -

The Carnival shall be played under the following rules:—

- (a) The team of each State or Territory shall play one match against the team of each other State or Territory.
- (b) For a win two points shall be scored; for a draw one point.
- (c) In the event of a match being abandoned, two points shall be awarded to each of the teams drawn for such match.
- (d) In the event of a walk-over two points shall be scored by the team receiving the walk-over.

(e) The State or Territory whose team obtains the highest number of points shall be declared Champion State of Australia.

(f) In the event of two or more teams scoring an equal number of points their relative positions shall be determined on the percentage of goals thrown for and against during the Carnival matches, such percentage to be ascertained by dividing the total number of goals thrown by a team by the total number of goals thrown against such team. The State whose team has the highest position shall be declared the Champion State of Australia.
