

GM Leadership starts with McKinnon

The only way you get to see the McKinnon-built part of a GM car is by lifting the hood—or crawling underneath. That way you can inspect the engine, transmission, propeller shaft, differential and rear axle to your heart's content. Most people are satisfied to know that these very important items are all there and functioning smoothly in Canada's most popular cars. And as long as most people are satisfied, then we at McKinnon are satisfied too.

You don't see what we build very often—but even the best cars (GM cars) wouldn't get very far without it! Gives us a warm feeling, knowing that we're needed. Have been since 1878, in fact.

CANADA-CONFEDERATION

Canadian Lacrosse Association

On behalf of the Canadian Lacrosse Association, I deem it an honour and a privilege to welcome the representative teams from Australia, England, and the United States to the Canadian Centennial World Lacrosse Tournament.

It is appropriate that the Centennial Birthday of our nation is also the 100th anniversary of significant events in the annals of our National Game that warrant mention on this occasion.

It was in 1867 that the Official Rules of the game and National Constitution were first drafted. The fall of that year witnessed the first international lacrosse tour, when a native Canadian Indian team introduced lacrosse to Great Britain and played before Her majesty, Queen Victoria.

Just as the All-Indian International Tournament, forthcoming in August at Expo 67, is a symbol of the origin, antiquity, and tradition of our native game, THIS World Tournament, I sincerely hope, will become a symbol of the future. A future that will see men who love lacrosse, men like yourselves, who have crossed the oceans to meet in a spirit of good will and friendly competition, compete internationally on a regular basis.

One cannot help, on this historic occasion, thinking of the lacrosse advocates from Hong Kong who are not with us today, and realizing that with five participating countries, lacrosse could resume an Olympic role.

I tender congratulations to the participants here today, and sincere good wishes to all representative teams. To those who have worked so diligently, and sacrificed so much of their time to make this World Lacrosse Tournament a reality, I can only say a sincere . . . Thank you.

On behalf of the Canadian Lacrosse Association I bid you . . . Welcome to Canada.

T. F. "Tommy" Gordon, President

It gives me a very special pleasure, on behalf of the Government of Canada and myself personally, to extend greetings and good wishes to all those who will enjoy, either as participants or observers, the Centennial World Lacrosse Championship Matches, May 17-22, 1967.

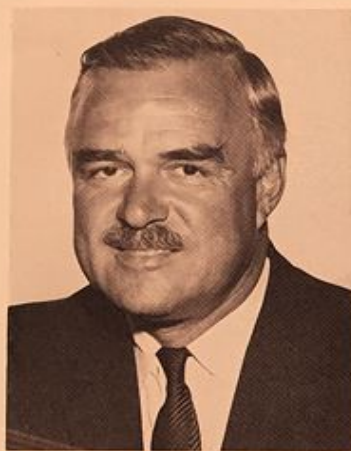

This is the first time since 1935 that there has been a championship play-off for the Joe Lally Cup which was donated for world competition in 1931 by a Canadian famous in the annals of lacrosse. It is most fitting that this competition in Canada's national game should have been arranged for our Centennial Year.

I congratulate the Centennial Committee of the Canadian Lacrosse Association for their work in organizing the play-off and offer a special welcome to the visiting teams from Australia, Britain and the United States.

To all the players, and not the least among them the Canadians, I extend the best of luck.

L. B. PEARSON

Ottawa,
1967.

Toronto, Ontario
April 26th, 1967

I am delighted to welcome to Ontario the participants in the International Lacrosse Tournament being held by the Canadian Lacrosse Association.

The game of lacrosse has a history predating one of our fastest and most exciting sports. Lacrosse has long been a major sport in Canada and particularly in Ontario. It is appropriate that, as we in Canada celebrate the Centennial of Confederation, the skills of players from many countries be tested in this, the homeland of lacrosse, where it is our national summer sport.

On behalf of the people and Government of Ontario, I should like to congratulate the Canadian Lacrosse Association on this fine Centennial Tournament and wish the participating teams success on the field.

JOHN P. ROBARTS,
Prime Minister of Ontario

Hon. Robert Welch

As Minister of Citizenship for the Province of Ontario, it gives me great pleasure to extend congratulations and very best wishes to the Canadian Lacrosse Association on behalf of the Prime Minister, the Hon. John Robarts, and the Government of Ontario.

I feel it is particularly appropriate that during Canada's Centennial, the Canadian Lacrosse Association should be sponsoring an exhibition between Indian teams of Lacrosse at Expo 67 — which I have been advised was played by the original inhabitants of this country as a team sport in Canada before the arrival of the white man.

The International Tournament to be held in Toronto, Peterborough, St. Catharines and Fergus, with teams from Canada, United States, Australia and the U.K. participating, will, I am sure, promote the ideals of good sportsmanship, good citizenship and international goodwill.

The importance of team sports in developing character and a healthy spirit of co-operative competition cannot be overemphasized. I extend congratulations and best wishes to all those taking part in the exhibition at Expo 67 and to all members of the teams which will be taking part in the international tournament.

Robert Welch

Department of the Provincial Secretary and Citizenship

Hon. Robert Welch, Minister

J. S. Yoerger, Deputy Minister

His Worship Mayor Robert M. Johnston and the Aldermen of the City of St. Catharines desire to extend a very cordial and sincere welcome to the members of the lacrosse teams, representing Australia, England and United States, who are visiting Canada and the City of St. Catharines, for the purpose of competing in the World Championship Lacrosse Tournament. The City Corporation commends the Canadian Lacrosse Association for sponsoring this contest of representative teams participating in "Canada's National Game," as part of its Centennial programme, to commemorate fittingly the celebration of the One Hundredth Anniversary of Confederation.

The citizens of St. Catharines are honoured to have as their guests the members of the competing teams and express the wish that the tournament will be keenly contested, sportsmanlike and enjoyable, as well as a challenge to the athletic skills of the players. It is the sincere wish of the Council of St. Catharines and its citizens that these fine athletes, who are visiting Canada and, more particularly, St. Catharines, in this special year of festivity and celebration, will carry home many happy and exciting memories of their stay in our fair country, which will remain forever in their minds and hearts.

Published in the Community Interest by
the Council of the City of St. Catharines

The Council of the Town of Fergus extends a sincere warm welcome to the members of the lacrosse teams representing Australia, England and United States who are visiting Canada and the Town of Fergus for competition in the World Championship Lacrosse Tournament. The Canadian Lacrosse Association is commended by Fergus for sponsoring this outstanding event in this Centennial year and it is fitting that "Canada's National Game" forms part of the local celebrations with an international participation.

The citizens of Fergus are proud of their Town situated on the picturesque Grand River and the many recreational facilities available. Lacrosse has been the major continuous sport here for close to seventy-five years and draws packed audiences each game. It is an honour for Fergus to be host for visiting teams and other visitors. The experience is keenly looked forward to.

It is the sincere wish of the Council of the Town of Fergus and its citizens that many happy and exciting memories will remain with the fine athletes on their visit to Canada and particularly Fergus.

Best Wishes
Council of the Town of Fergus

Lincoln County extends a hearty welcome to all our guests who have been attracted to the fruit belt of Canada by the World Field Lacrosse Championships.

Lacrosse is the oldest active sport native to Canada, and we are happy that one of the important games of the tournament should have been scheduled for this area, where lacrosse has been a tradition for so many years.

Lincoln has many proud traditions. Many traces remain throughout the County of our rich historical heritage, and the days when Lincoln played a dominant role in the development of Canada, and the founding of the Province of Ontario.

**A time for cheering...
A time for thought...
A time for remembering
and looking forward, too.**

At Canadian Imperial Bank of Commerce, Canada's Centennial year has a double meaning — our bank was also founded in 1867.

This year is a time of reflective pride for all Canadians. A time for looking back to the great moments of our past. But it should be a time for us all to look forward, too — a pause before a new beginning.

On groundwork laid one hundred years ago we at the Commerce, like all Canadians, will build still more — achieving a still greater century in the years to come.

CANADIAN IMPERIAL  BANK OF COMMERCE

1967 — Our Hundredth Year of Banking Service

The St. Catharines Standard

by JACK GATECLIFF
St. Catharines Standard Sports Editor

St. Catharines is proud to be a part of the World Field Lacrosse Championship being contested this week in connection with Canada's Centennial Year celebrations.

It is fitting too that one of the games should be played in a city which has had a longer continuous association with lacrosse than any other community in Canada.

The history of lacrosse in the Garden City dates well back into the 19th century when senior teams and senior players won numerous championships.

St. Catharines Athletics, perhaps the

most honoured name in Canadian lacrosse, won the Globe Shield as Ontario field champions for 12 consecutive years soon after the turn of the century and box lacrosse teams have carried on that tradition into the 1960's.

The Mann Cup, emblematic of senior lacrosse supremacy in our country has the name St. Catharines inscribed five times and the Minto Cup, which goes annually to the Canadian junior champions has been won twice by the city of St. Catharines.

Athletic players are well represented in the Lacrosse Hall of Fame presently under construction in British Columbia. They include Bill Fitzgerald Sr. and George Kalls from the field era, Gus Madsen, Bill Wilson, Wandy McMahon and Doug Favell from box lacrosse.

St. Catharines welcomes the visiting players and officials from the United States, Australia and England and we trust that your brief stay here is an enjoyable one.

CANADIAN LACROSSE HALL OF FAME

The City of New Westminster, British Columbia, a hot-bed of lacrosse since the turn of the century, has chosen as its municipal Centennial project, the establishment of a Canadian Hall of Fame which was officially opened on May 17th, 1967.

New Westminster and the Canadian Lacrosse Association entered into an agreement to form a Governing Committee for the management and control of the Lacrosse Hall of Fame. This Governing Committee to establish rules and regulations for electing individuals to the Hall of Fame.

The Governing Committee appointed a seven-member Selection Committee: three from Eastern Canada and three from the West, the seventh member to be the President of the C.L.A., acting as Chairman. This Committee was inaugurated in 1966 and the charter members to the Hall of Fame were selected.

Members are elected in two classifications: players and builders. Builders include coaches, referees and executives who have contributed to the promotion, development and expansion of Canada's National Game. Players who are nominated must be retired as active participants for at least five years and are selected on the basis of playing ability, sportsmanship, character, contribution to the team and to lacrosse in general.

The selection of players is divided into two categories: those active prior to 1933 or the field lacrosse era and those active after 1933, box lacrosse. Each year three field lacrosse and three box lacrosse names will enter the Hall of Fame.

Many hallowed and revered players were elected as Charter Members and their reputation as exponents of the game extends across Canada. In this renowned group are Billy Fitzgerald Sr. of St. Catharines, Newsy LaLonde of Cornwall (both are listed in Canada's Sports Hall of Fame). Bun Clark, a great goal-tender, Charlie Querrie, Norm Harshaw, Eddie Longfellow of Toronto, George Kalls, St. Catharines and Henry Hoobin, Montreal. Vancouver produced players of the stature of John Croakall, Davey Gibbons, Jimmy Gifford, Clarence Peele, George Mathewson, Alec "Dad" Turnbull, "Doughy" Spring, George Rennie, Ernie Murray and Harry Pickering. All made their mark prior to World War One.

In the 1920's Lionel Conacher was honoured and selected as Canada's outstanding athlete. Ted Reeve of Toronto, top sports columnist, Bill McArthur, Toronto, George Sproule of Brampton. To this list of stars were added Paddy Brennan, Montreal, Harry "Sport" Murton, Toronto and Gordie Thom, Toronto.

The Charter Members of box lacrosse who won fame and honour include Bill Wilson, St. Catharines, a member of seven Canadian Championship teams — Bill Anthony, Brampton, Bill Isaac, Hamilton, Carl

"Gus" Madsen, St. Catharines, Rusty White, Fergus and Lloyd "Moon" Wooton, Peterborough, who excelled as goal-tender.

The Western Charter Members are Jimmy Douglas, Bill Wilkes and Alfie Davey of New Westminster, home of the shrine of lacrosse "greats." Bill Dickinson and Bill Morphett of Vancouver, Henry Baker of Richmond who starred as guardian of the nets. In 1967, Archie Dixon, Mimico, John A. "Wandy" McMahon, Doug Favell of St. Catharines joined the chartered members of box lacrosse fame.

In the area of builders, the following men who devoted many years to lacrosse as officers and executives at both provincial and national levels were selected as worthy members: Joe P. Lally, Cornwall; Dr. W. A. Dafoe, E. J. (Gene) Dopp, Toronto, who was a coach and executive for over forty years. M. E. (Mike) Kelly and Jack McDonald of Mimico, Fred Waghorne Sr. and Jimmy Murphy, Toronto. Space does not permit elaboration of individual achievement. The efforts of these men are extolled whenever and wherever a group gathers to talk "lacrosse."

Canada over the past century has developed many outstanding players known far and wide and each year more will be honoured and their names will be written in the Hall of Fame; to add new chapters to the sports history and heritage of this country.

— W. K. Fitzgerald

JOE LOGAN

Mr. Joseph Logan, Mohawk Hereditary Chief of the Six Nations Reserve, near Brantford, Ont. (Indian Country), a former lacrosse player, has been making lacrosse sticks since 1931 and working with his wife handcrafts the superior "Logan" stick which is in great demand in North America and used exclusively by many major clubs. Joe has two sons and a son-in-law who will be playing with the team representing Canada in the forth-coming All Indian North American Lacrosse Championship at Expo 67, Montreal, August 4-5-6.

Lacrosse . . . the Canadian Game

No sport played in Canada has a finer tradition than lacrosse. It deserves to be called "the Canadian game" because its roots are deep in our history.

For many years, before and after the turn of the century, lacrosse was a major sport in this country, and the name of lacrosse "greats" were on every boy's tongue. It was played by both English and French speaking Canadians, and by the Indians who invented it, so it was truly a national game. Professional and amateur leagues flourished, and the game spread to England, Australia, the United States and Hong Kong.

Then, as the twentieth century advanced, its popularity declined. Now, it is making a comeback, and if this booklet can help widen interest in this fine sport, it will have accomplished its purpose.

Lacrosse has much in its favour. It has been called "the fastest game on two feet" — it is a game of skill, not brute force (contrary to general belief) and the little fellow can beat his larger opponent by superior ability — it can be played from early spring in all kinds of weather

—equipment is not expensive—it is an exciting game to watch. The playing area can be an open field, a hockey box or arena, or even a large gymnasium.

Boys, who can be introduced to the game as early as 8 or 9, enjoy it tremendously. There is something about the stickwork and teamwork, catching and throwing the ball, eluding your opponent and shooting on goal that appeals to the best athletic spirit of boys and young men.

As a conditioner, lacrosse is unsurpassed, and some athletic directors feel that this advantage alone justifies its inclusion in their sports curriculum. Because of the very fact that a stick is employed, the game develops self-control.

It is hoped that more schools will consider lacrosse as an inter-class or inter-school sport. It can add variety to the school sports program and get more boys playing a game. Community and playground programs will also benefit from the inclusion of lacrosse in the sports schedule.

Bramalea

Canada's First Suburban City

welcomes the International Lacrosse World Championship Teams

*I live in
Bramalea
—Doesn't
Everybody?*

Bonnie Bramalea

Over 11,000 people are now enjoying life in Bramalea. Public and separate schools, a new high school, churches, shopping centre, medical and dental centre, a community Newspaper, Day Nursery, playgrounds, new hockey arena, lighted tennis courts, baseball diamond, Lacrosse boxes and Olympic swimming pool all for better living.

Included in Bramalea's future plans — an impressive civic centre, a championship 18-hole golf course, and other facilities all located in areas easily accessible to the population they will serve. **Plan to visit**

Go north on Dixie Road, off Highway 401
and follow the big Bramalea signs.

No, there isn't, go to sleep.
 There is, there is.
 If you don't go back to bed this minute...
 Uh... excuse us for butting in but there really is a UniRoyal in his room.
 A whole herd of UniRoyals.
 Turn on the light.
 See that chair that's covered with Naugahyde vinyl fabric? Naugahyde

is a UniRoyal.
 And so is the Polycresc olefin fiber carpet on the floor.
 And the Royal Carpet cushion under the carpet.
 And those Keds in the corner. All UniRoyals.
 UniRoyal is the new name of the Dominion Rubber Company. Which we've needed for two very obvious

reasons:
 1. We are not — and haven't been for a long time — exclusively Canadian. We are actually part of a worldwide corporation with affiliated companies in 23 countries throughout the world.
 2. Fifty percent of the products we make today — from Eskilon high pile fabrics to agricultural chemicals

— have little or nothing to do with rubber.
 Now you know there really is a UniRoyal.
 What's more, there may be one in your room...
