INTRODUCTORY REMARKS

It is with great pleasure that we in West Australia welcome the visiting team to Perth to engage our representatives on the field. Being two of Australia's leading Lacrosse States, they have always been rivals, and Victoria, recognised as Australian Champions, have so far resisted all efforts of the West Australians to deprive them of this Title.

At the last All-States Carnival, held in Melbourne in 1932, W.A. gained the title of Runners-up to the all-conquering Victorians, but are determined to avenge this year their defeat on that occasion.

What ever the final results, however, we assure Victoria that we feel honoured that they have journeyed over two thousand miles to visit us, and that we shall do all in our power to make their stay memorable.

We feel certain that nothing but good can result from the visit to the West of such a band of Lacrosseurs and hope that Victoria will carry home with them pleasant memories of their sojourn in Perth.

May the best team win.

INCLUDED AMONGST THE VISITORS ARE:

Captain J. H. Fearon. A gentleman of the game, aptly described as a Lacrosse Warrior and a "stickler" for Juniors, and the W.A. Lacrosse Association is indebted to him for a fine cup bearing his name.

He is President of the Victorian Lacrosse Association and his name is a byword amongst lacrosse players in all States of Australia. He has well-earned the respect and prestige he commands. His liberality to football and lacrosse juniors suggest that the inspiration lies in his keen interest in youth. He likes to see a hard game but has no time for the dirty player or bad sport.

S. McCorkell. One of the best goal keepers the game has seen. Smart out of goal, his great asset is a wonderful eye and strong supple wrists, that enable him to catch shots that other keepers would deflect; clears goal quickly and thus often turns an attack on his goal into an attack on that of his opponents. Represented his State the last five years and has won the State trophy for the Fairest and Best for the last three years. A typical fine sportsman. Plays with Camberwell.

J. Reid. Has been the backbone of the Victorian back line for many years. Not a particularly quick mover but too wily to be lured away by a faster man. Cool and sure. Plays with M.C.C.

J. Lake. Plays on the back line. Particularly close checker, and a previous State representative. M.C.C. is his Club.

A. Munt. Another back man of the close checking type. His first appearance in Victorian side and is a player with much promise. Also a M.C.C. man.

N. Robson. A particularly stylish defender or attacker and a generally versatile player. One of the best Lacrosse players in Victoria. Has represented his State for the last six years. A M.C.C. player.

A. Jenkins. A tall rugged defence player, first appearance in the State team and forwards will have a hard time to score against him. Member of Williamstown club.

C. Foster. A centre man, and very fast. Particularly dashing player and good stick handler. Malvern.

B. Newgreen. A utility man, can play in practically any position, very fast; a relief goalie. New man to the State side and in this match will possibly play on the forward line. Williamstown club.

Roy Read. One of the finest attacks in Australia. Has represented his State for many years. Holds the goal throwing record with Buchan of W.A. for most goals thrown in a Carnival game, namely 13. This player is also a splendid tactician. Williamstown Club.

J. Murrowood. State player, a forward who can make good position play, fast, dashing and a good stick handler. Caulfield Club.

F. Hogarth. First time in State team, particularly good pass. Good attack and tricky player. Williamstown club.

W. Ashby. Deaf and dumb but very clever forward. Won Victorian goal aggregate last season, good dodger, hard worker and particularly hard to dispossess of the ball when in possession. A particularly good tempered fellow, and a more than popular player. Coberg is his club.

E. Booth. A brilliant 3rd home, is a two way dodger, particularly fierce hard shot on the run; Team mate of Murrowood; new player to the team. Victoria expects great things of him.

B. Kerrigan. Tall and tricky forward. Has particularly good goal sense; plays from behind goal and a proposition for any goal keeper. Victoria has big prospects for this player. Camberwell is his club.

Arch Fowler. The manager of the team and Honorary Secretary to the Victorian Association. Has been manager of a number of visiting teams.

STATE SELECTORS.

Reading Left to Right:—

C. M. E. Hickey, G. A. Kennedy, H. J. Carmichael.

PERSONAL PARS ON SÉLECTORS

C. E. M. Hickey. First played game 1905 with East Fremantle having the late Fred C. Wingrove as mentor. Played against Canadians in 1907 and S.A. in 1909. He played centre for W.A. in 1912 and captained a State team against S.A. in 1925, and at Adelaide carnival in 1926. Has been a member of the State team Selection Committee since the War, and has held the office of Chairman of Committees for sixteen years.

H. J. Carmichael. Present Vice-President of the W.A. Lacrosse Association and a past President, State Team Manager, and All-State Carnival Referee. Foundation Chairman of Amateur Referees and Old Players Association and Publicity Committee. Old player for the North Perth and Midland Junction Clubs.

G. A. Kennedy. President and State Selector of the Association for the 1935 season. A very old and experienced Lacrosse player started the game in 1904 with Iroquois (Midland Junction) Club. Premiers for four years in succession. Continued actively with the Club until 1922. With the exception of war period, captained the team from 1905-1922 inclusive. Was a State representative in the first All-States Carnival, 1910. Has been a Vice-President for many years, and a past president of the Midland Junction Lacrosse club.

DO YOU KNOW?

Ken Buchan divides with **Roy Read** (member of the visiting Victorian team) the goal throwing record for a Carnival match with 13 for W.A. against N.S.W. in 1932. Read's tally was also thrown against N.S.W. Read previously held the Record with 10 against N.S.W., in 1929.

W.A. has another record holder in **Clive Hickey** whose 12 games for his State were spread over 20 years. He played first in 1907 and last in 1926. The runner-up is believed to be **George Flood** who played for Victoria in the Carnival games 1910-1912 and 1920.

The Australian Record for high goal throwing is believed to be 61 to nil by Williamstown E team in 1930, while the lowest is said to be that of Williamstown v Essendon in 1902 which ended 1 all. Probably the lowest scoring match in W.A. was E. Fremantle v Swans in 1908 with a tally of 2-1.

In the last carnival held in Melbourne, 1932, Victoria in the series had 15 goals scored against them and of these, six goals were thrown by Western Australia.

Western Australia threw the greatest number of goals in a single match against Canada when they toured Australia in 1907. 8 goals were recorded against the tourists on the Fremantle oval.

That 2 of the earliest teams in Victoria were known as the "Fox Terriers" and "Gordon Setters" the reason being that there were so many brothers named Fox and Gordon playing in the respective teams.

Standing—J. C. Morrison, N. Buchan, R. A. Page, D. S. Harrison.

Sitting—D. C. Johnson, Hon. Sec.; H. J. Carmichael, Chairman; A. G. Macintosh, Treasurer.

Mr. Joel Fox, one of the brothers was a prominent official in Victorian Lacrosse until a few years ago.

Ernie Stokes playing for W.A. against Canada in the second match on the Fremantle Oval in 1907 threw the greatest number of goals by any player in any one match—5.

Vic. Levine—goalkeeper in the combined Fremantle—Perth match played in June 1902—threw a goal from his goal crease. Distance 130 yards the ball only bouncing once before going into the net. The throw was made on a "Flannery" stick. Can any of the present day players throw as far?

An interesting argument—Whether Capt. Fearon has been associated longer with the Williamstown Club than R. W. Elliott has been with the Fremantle Club. The latter has been connected with the seaside club since 1900. Can the grand old man from Victoria equal this record?

Johnson, Doug. This stalwart missed inclusion in State team they say by inches, but he would have had to be some tiger in the match, if he wanted to equal his zeal and untiring efforts put into Publicity Committee and Executive generally.

LAST, BUT NOT LEAST.

It is regretted that space does not permit the mentioning of all names of toilers for Lacrosse in Western Australia, but the officials and committees could not achieve results without the co-operation and support of all Lacrosse Clubs in W.A. This has always been available and their experience and unsolicited help has placed the W.A. Lacrosse Association in the proud position which it now occupies. They are, alphabetically, Como, East Fremantle, Fremantle, Midland Junction, Mount Lawley, Nedlands, North Perth-Wembley, Perth and University, coupled with the every-ready assistance of the Lacrosse Amateur Referees and Old Players Association.

Definitely, last but not least—I. J. Taylor, now domiciled in Victoria, who has done much for the game in West Australia and now our capable and energetic delegate to the Australian Lacrosse Council and Hon. Secretary of that Board.
